Nerds

August 2022 - PRESENT

My friends and I have formed a programming group called "Nerds" to collaborate on projects, stay motivated, and collectively debug our work. We dedicate a minimum of three hours daily to group sessions. At the end of each week, we present our individual projects to the group for discussion and feedback.

PROJECTS

GitHub — *https://github.com/kaleabAlemayehu*

I have actively been contributing to various projects on GitHub, although the majority of them are set to private repositories.
